

EMBO | EMBL Symposium

Structure and Function of Neural Circuits

5–8 SEPTEMBER 2010
HEIDELBERG | GERMANY
Advanced Training Centre

CONFIRMED SPEAKERS

David Anderson
Howard Hughes Medical Institute
California Institute of Technology, US

Silvia Arber
Biozentrum and
Friedrich Miescher Institute, CH

Alexander Borst
Max Planck Institute of Neurobiology, DE

Michael Brainard
University of California, US

Pico Caroni
Friedrich Miescher Institute for
Biomedical Research, CH

Ann-Shyn Chiang
National Tsing Hua University, TW

Dmitri Chklovskii
Janelia Farm Research Campus, US

Karl Deisseroth
Stanford University, US

Catherine Dulac
Harvard University, US

Florian Engert
Harvard University, US

Joseph R. Fetcho
Cornell University, US

Rainer Friedrich
Friedrich Miescher Institute for
Biomedical Research, CH

Michael Häusser
University College London, UK

Ulrike Heberlein
University of California, US

Gáspár Jékely
Max Planck Institute for
Developmental Biology, DE

Jeff Lichtman
Harvard University, US

Andreas Lüthi
Friedrich Miescher Institute for
Biomedical Research, CH

Zach Mainen
Instituto Gulbenkian de Ciência, PT

Markus Meister
Harvard University, US

Gero Miesenböck
University of Oxford, UK

Botond Roska
Friedrich Miescher Institute for
Biomedical Research, CH

William R. Schafer
MRC Laboratory of
Molecular Biology, UK

German Sumbre
Ecole Normale Supérieure, FR

Karel Svoboda
Janelia Farm Research Campus, US

Rachel Wilson
Harvard Medical School, US

CO-CHAIRS

Barry Dickson
Institute of Molecular Pathology, AT

Cori Bargmann
The Rockefeller University, US

REGISTRATION DEADLINE
13 June 2010

Additional speakers will be
selected from abstracts.
